DAYS 3/4~MONDAY/TUESDAY~MARCH 2/3
TARANGIRE NATIONAL PARK
Wake up feeling refreshed and eager to start your journey as you drive to Tarangire National Park, the third largest national park in Tanzania. The feeling that this is a special, almost magical place strikes you as soon as you enter Tarangire and you witness your first baobab tree. Here the gently rolling countryside is dotted with these majestic trees, which seem to dwarf the animals that feed beneath them. Called the “tree of life,” many myths and legends surround Adansonia digitata (Adansonia for the French surgeon Michel Adanson and digitata meaning hand-like, a reference to the shape of the leaves). Your guides regale you with one or two of these tales as you pass through the park. This stretch of Africa is spectacular in the dry season when many of the migratory wildlife species come back to the permanent waters of Tarangire River. Huge herds of wildebeest, zebra, eland and oryx gather to stay in Tarangire until the onset of the rains when they migrate again to good grazing areas. For those who love birds, Tarangire has over 300 bird species. But in addition to all those magnificent trees, birds and beasts, Tarangire is superlative for another reason—elephants. Tarangire is home to the largest population of elephants in northern Tanzania, now numbering close to 2,500 individuals.
Built on platforms among a cluster of baobab, mopani and wild fig trees, Tarangire Treetops' stunningly original giant en-suite tree houses are all equipped with private verandahs that have sweeping views over the surrounding bush. Sundowners can be enjoyed at the Baobab Bar which is built around a gracious old baobab tree. This relaxing, elevated 'watering hole' is the perfect spot to contemplate the mesmerizing Tarangire sunsets. Located outside the National Park you are also able to go on night game drives, walking safaris and they have two bicycles should you wish to take a ride around the camp.

DAY 5~WEDNESDAY~MARCH 4
LAKE MANYARA NATIONAL PARK/NGORONGORO CONSERVATION AREA

Drive to Lake Manyara National Park (80,300 acres,) an ornithological paradise with over 350 species of birds. You may see Verreaux's Eagle, a variety of vultures, storks, swifts and swallows winging their way atop the spectacular cliffs overlooking the lake. Lake Manyara, at 3,150 feet varies in salinity levels with wetter and drier climate cycles, and at times it is replete with flamingos, pelicans, storks and cormorants. Springs in the park's northern end support a dense groundwater forest of magnificent giant fig and mahogany trees which shelter blue vervet monkeys and an abundance of baboons, bushbuck, waterbuck, and elephant. South of the groundwater forest, acacia woodland and open grassland are frequented by buffalo, wildebeest, impala, giraffe, zebra, and the elusive tree-climbing lions – the signature of this park. Perhaps the most recognizable tree found here is the baobab tree, which folklore says was uprooted and planted upside down. The hippo pool, where visitors may get out of their vehicles, is located on a freshwater stream that enters the lake at its northern tip.

Enjoy a game run at Lake Manyara National Park before continuing on to your home for the next two nights Ngorongoro Serena Lodge.

As if in a land before time, the Ngorongoro Serena Safari Lodge is built into the rim of the crater. The plant and ivy-covered native stone blends masterfully with its surroundings and the flowering plants attract a plethora of colorful birds. Most of the 75 rooms have private terraces with views of the crater floor where countless animals make their home. At the Ngorongoro Serena Lodge visitors co-exist in perfect harmony with the natural environment and the wildlife that inhabits it.

Overnight at NGORONGORO SERENA LODGE. (B,L,D) www.serenahotels.com/serenangorongoro
**DAY 6~THURSDAY~MARCH 5**

**NGORONGORO CRATER**

Today, enjoy the opportunity to visit the Ngorongoro Crater, a World Heritage site, an extinct volcano and the largest unbroken caldera in the world. The cone is believed to have collapsed nearly two million years ago, and while the cone was standing, it could have been as tall, if not taller, than Mount Kilimanjaro. The crater (1,800 feet deep and 102 square miles) is a microcosm of East African scenery with abundant wildlife – more than 25,000 larger animals, mostly zebra and wildebeest. This is also the best place in Tanzania to see magnificent black-maned lions.

This area offers an outstanding opportunity to see black rhinos, as they are protected around the clock. Over the years, the floor of this crater has become mostly savannah (grassland), with a soda lake whose size changes depending on the rains that are the lifeline of this amazing land. On this lake, marvel at the colorful flamingos and a variety of other water birds – more than 100 species of birds are found here that are not found in the nearby Serengeti. The resident ostrich, Crowned Crane, and Kori Bustard are joined seasonally by migrant flocks of White and Abdim's Storks. Patience may also reward you with glimpses of leopard, cheetah, hyena, jackal, elephant, warthog, impala, buffalo, hartebeest, eland and many other antelopes.

As you descend down the floor of the crater floor you might be able to see the local Maasai as they take their cattle down the steep walls of the crater. It is their right, negotiated with the government and parks authority, to graze their cattle in about 75% of the crater floor. The mix of cattle with the wild animals makes for some terrific photographs, and the interaction between domestic and wild animals is almost non-existent. Your wildlife viewing will be dramatic, and the experience memorable. Return to the rim of the crater six hours later (regulations now specify that no one can stay longer than six hours daily on the crater floor) and drive to your lodge. In one of the afternoons, you may opt to visit a Maasai village and learn about this fascinating culture that has existed through the millennia in perfect harmony with nature.

Overnights at NGORONGORO SERENA LODGE. (B,L,D)
**Days 7/8~Friday/Saturday~March 6/7**

**Oldupai Gorge/Serengeti National Park**

Your bumpy but scenic road takes you to Oldupai Gorge, where in 1959 Louis and Mary Leakey uncovered *Zinjanthropus* and *Homo habilis*. Oldupai is one of the world’s most important paleoanthropological locations. Thousands of stone tools, some of which have been used by *Homo habilis*, have been found at Oldupai; the oldest style is easiest to remember, because it is called Olduwon. In addition to the remarkable human fossils – prehistoric elephant, giant horned sheep and enormous ostrich fossils have been found here while extinct species unearthed include three-toed horses and giant antelope. Since the Leakey’s first began searching the area for clues to our distant past, more than sixty hominid remains have been excavated, belonging to four different hominids, showing the gradual increase in brain size and in the complexity of their stone tools. The gorge itself is a very steep-sided ravine roughly 30 miles long and 295 feet deep. It resembles a small Grand Canyon with exposed strata of different layers where the deposits of rich fossil fauna, hominid remains and stone tools were found. The gray lines are volcanic tuffs; eruptions are used to estimate the age of the fossils.

Continue with your safari adventure as you drive to Tanzania’s most famous wildlife reserve, the Serengeti National Park (3,646,500 acres), the jewel in the crown of Tanzania’s protected areas with over three million large mammals roaming its plains. It lies between Ngorongoro and Lake Victoria and adjoins Kenya’s Maasai Mara. The Serengeti has come to symbolize paradise to all, including the local Maasai, who have grazed their cattle on the vast grassy plains for generations. To the Maasai, it is Siringitu – “the place where the land moves on forever.” Today, the Serengeti National Park, the Ngorongoro Conservation Area, and the Maasai Mara Reserve across the border in Kenya, protect the greatest and most varied collection of terrestrial wildlife on earth, and one of the last great migratory systems still intact. More than a million wildebeest, accompanied by hundreds of thousands of zebras and other herbivores, descend upon the short-grass plains of the southeastern Serengeti at the start of the rainy season around December. After calving in January and February, they scatter over the southern and central plains. By May the rain ends, the grass has been reduced to stubble, and the animals begin their long march to dry-season grazing grounds near the permanent waters of the Serengeti’s northern woodlands and Kenya’s Maasai Mara. Reaching these destinations by July or so, they remain until October, when they head back to the southeastern Serengeti. This struggle for survival continues unaided and unaltered through the millennia!

The Serengeti is incredible to visit any time of the year. Look up at the towering yellow fever trees for napping leopard and to the River at its hippo pools. Search for predators such as lion, leopard and cheetah, and their prey - giraffe, topi, Bohor reedbuck, Defassa waterbuck, buffalo, wildebeest and impala. The kopjes (prehistoric rock outcroppings) host hyraxes, dwarf mongoose, and red-headed agamas, while patience might reward you with a sleepy black-maned male lion or leopard. The open grassland is home to large groups of Thomson's and Grant's gazelles, spotted hyena, jackal, and such birds as the Double-banded Courser, Yellow-throated Sandgrouse, Red-capped Lark, Fischer's Sparrow-lark, and Capped Wheatear. Your twice-daily wildlife drives will allow ample viewing.
Set high on a hill with breathtaking vistas of sweeping grasslands and the unspoiled wild landscape of the Serengeti plains, the Serena’s design is stunning. Inspired by a traditional African village, separate rondavel "huts" house the luxury guest rooms that have their own view of the vast Serengeti plains. From the overall impression to the smallest detail, the lodge is rich in local atmosphere created by indigenous handicrafts and art. A delightful water feature runs through the main public areas, creating a natural source of waterborne plants and provides a home to many indigenous species of reptiles, amphibians and birds. DAY 11 ~ TUESDAY ~ MARCH 10
ARUSHA/ENTEBBE

OPTIONAL POST-EXTENSION TO UGANDA
DAY 12—WEDNESDAY—MARCH 11
ENTEBBE/ BWINDI IMPENETRABLE FOREST NATIONAL PARK
This morning board your flight to Bwindi Impenetrable Forest National Park, a designated UNESCO World Heritage Site, a true African “jungle”, so called because of the dense undergrowth, vines and other vegetation which make it almost ‘impenetrable’. It is both mysterious and awesome. The lowland rainforest and Montane forest vegetation constantly struggle to reach heights that will allow it to receive more light.

En route to your accommodations visit the Batwa pygmy community. On the outskirts of southwest Uganda’s Bwindi Impenetrable Forest National Park – where the mountain gorillas dwell – you can now come face to face with the 4,000-year-old culture of the Batwa Pygmies. The Batwa were the original ancient dwellers of the forest. The first records of pygmies were made by the Egyptians over 4000 years ago. They described short stature people living near the “Mountains of the Moon” extolling their abilities as dancers and story tellers. Homer and Aristotle also made mention of them. They lived peacefully, kept their traditional ways leaving a small footprint of their presence in the ancient forests. There is the saying “A Batwa loves the forest as much as he loves his own body.”

In 1991, it all changed – the government evicted them (most without any compensation) when the Bwindi Impenetrable Forest and Mgahinga Gorilla Parks were established – the Batwa people became people without a home, without land, people without rights. The Batwa Pygmies were now people without an identity reduced to begging, poaching and stealing.

The Batwa Development Program a community organization supports the Batwa at becoming self-sufficient. The organization owns land where the pygmies practice and preserve their ancient traditions – and share them. Inspiring Batwa elders lead tours that reveal their use of medicinal plants, hunting/gathering customs, and traditional homes, and even let you try a bow and arrow.

Bwindi Lodge is a comfortable and stylish eco-lodge with eight bandas (cottages) and stunning views overlooking the primeval forest. The secluded bandas are tucked into individual clearings in the surrounding dense greenery. Each cottage is simple but elegantly furnished with hardwood floors and furniture, woven grass rugs, distinctive lighting and local crafts. All of them have en-suite eco-bathrooms with solar-powered showers (hot and cold water) and flushing toilets. Power is solar-generated, and charging facilities are located in common areas. A cozy fireside bar and lounge in the main building offers the opportunity to relax and enjoy the facilities after your gorilla viewing. Overnight at the BWINDI LODGE. (B,L,D)

**DAYS 13/14—THURSDAY/FRIDAY—MARCH 12/13**

**ENTEBBE/BWINDI IMPENETRABLE FOREST NATIONAL PARK**

Spend two days in enchanting Bwindi Impenetrable Forest National Park. Huge trees are festooned with creepers and parasitic plants such as mistletoe and orchids. Giant thickets of bamboo thrive in the humid atmosphere and, where sunlight breaks through, the elegant heliconia or lobster claw spreads its colorful petals. At least 120 species of mammals make their home here in one of the richest ecosystems in Africa. Besides the 10 species of primates, elephant, bush pig, giant forest hog, many species of bats and rodents, at least 346 species of birds including rare forest birds, 14 species of snakes, 27 species of frogs and toads, 6 chameleons, 14 lizards, skinks and geckos, and at least 202 species of butterflies are resident in the Forest. There are also several endangered species of birds with limited ranges.

Ugandan authorities are fiercely protective of this natural treasure and permit only a limited number of travelers per day.

**Your group will have the opportunity for two treks per person to view the mountain gorillas during your stay (at additional cost).** After breakfast, you will proceed to the nearby park headquarters and meet with your excellent local guides and porters, who will carry your personal items and assist you during the trek. Gorillas here live on the slopes of ancient volcanoes in high elevation forests. Dense bamboo thickets give way to a combination of large meadows and dense herbaceous vegetation zone highlighted by moss-laden hagenia and hypericum trees. Your treks will take you through a fairyland forest, an experience that is in itself thrilling. As you venture forth, you will spot evidence that the gorillas have been present. The treks can last from four to seven hours (or more) depending on when you spot the gorillas. There is an hour limit to the time you spend with these majestic creatures once you spot them. Tracking gorillas through misty, seemingly impenetrable forests can be an exhausting process as the paths are often slippery, entangled and wet. However, this effort is quickly forgotten the minute you encounter these beautiful creatures. They instantly capture your full attention with their acrobatic antics and cacophony of grunts, screeches and chest beating.

Without doubt, your first impression of the dense jungle will be its almost audible silence. Jungle creatures are very, very shy, but, as you pick your way along the trail, through the dense undergrowth, you’ll realize that the jungle is alive. Thousands of living organisms are discreetly watching and waiting as you pass through their home and, from time to time, the complete tranquility will be shattered by a darting forest bird or group of chattering monkeys leaping through the stands of ancient trees, disturbing the secretive residents and setting up a chain reaction. Now, the ever-wary jungle comes to colorful and noisy life for a moment, until silence reigns again. As you walk among the shadows of the leafy canopy, this rainforest reveals the smells and sounds of Africa, just as it has been for centuries. Your guide will take you along
river trails with delightful waterfalls, up steep slopes and into forest clearings in search of these gentle giants. Although the hike is physically demanding the beauty of the forest and surrounding scenery make the trekking worthwhile. Once the gorillas are located all fatigue is forgotten, as the experience is often described as being the most profound natural history experience in the world. Approximately 98% of the gorilla treks are successful but there is no guarantee that you will see the gorillas.

THINGS YOU NEED TO KNOW ABOUT TANZANIA

Participants
- Participants must be able to climb in and out of safari 4x4 vehicles or minibuses and small aircrafts unassisted. They should also be able to tolerate riding on uneven, bumpy dirt roads for long periods of time (6-9 hours maximum), as well as some off-road experiences when opportunities allow.
- Participants should also be able to stand and / or walk moderate distances at an easy pace for up to a few hours at a time when visiting villages, towns or other sites. Some, if not most, of this walking may be on uneven ground or uphill, often at higher elevations and altitudes that many people are not used to.

In general, this trip requires:
- Flexibility and good humor – unexpected changes and/or glitches will occur
- A spirit of adventure and curiosity
- Interest in and willingness to appreciate a destination with uneven infrastructure and a bending definition of comfort. That being said, some locations are nestled in absolute luxury where pampering is the norm.

Air Schedules
Choosing the best possible air arrangements for our travelers is always a challenge. We work with many airlines that offer the best level of service, routings and value for our programs. While there may indeed be more direct routings available with another airline, the cost of these flights may not be within the budget that allows us to give you the best value possible. If you prefer to purchase your own international air, please feel free to choose the “land only” rate for this program. The start and end city for the land only program is Arusha, Tanzania. The post extension returns from Entebbe, Uganda.
SAFARI AIR LUGGAGE RESTRICTIONS

It is of vital importance that all guests traveling to Tanzania and Uganda strictly adhere to the luggage limits and regulations as stipulated below.

Please note:

<table>
<thead>
<tr>
<th>LUGGAGE WEIGHT LIMIT PER PERSON *</th>
<th>33 Lbs. (15 kg) – total weight inclusive of luggage and hand luggage/camera equipment. Carry-ons may not weigh more than 4 lbs. (2 kg)</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>LUGGAGE DIMENSIONS**</td>
<td>12 inches wide x 10 inches high x 24 inches long.</td>
</tr>
</tbody>
</table>

*This is the total weight including both luggage and hand luggage/camera equipment.

This is a safety requirement due to the sensitive weight and balance checks on the small aircraft and must be strictly adhered to. Travelers who require additional luggage must pre-book and pay for this on confirmation of the reservation. We would like to remind you that laundry services are available in all camps and lodges.

**Please keep in mind that the baggage compartments on most of the light aircraft are only 25cm (10 inches) high, so the pilots must have the ability to manipulate the bag into the compartment.

HANDLING OF INCORRECT LUGGAGE ON ARRIVAL
The carriage of excess baggage is at the sole discretion of the Company after taking into consideration the aircraft being used and the number of passengers booked. When excess baggage is carried it will be charged at the prevailing rate. Excess luggage is charged at USD $3.00 per kilogram. Guests who are unable to depart on the scheduled charter will be given the option to book a private charter at additional costs to be paid directly prior to departure and subject to the availability of aircraft at the time of booking these flights. No refunds on the costs paid for scheduled charters which were missed due to their incorrect luggage and or accommodation not provided due to this delay will be provided. In all cases, additional arrangements for transfers, overnight accommodation in the Serengeti or Arusha and meals are on the guests’ own account.

ASSISTANCE WITH BAGGAGE PRIOR TO ARRIVAL
Should guests be travelling with the incorrect luggage and require assistance with storage (which we offer at no additional cost) or transportation to their point of departure from Tanzania or Uganda (transportation costs apply), this can be arranged provided this has been brought to our attention prior to their arrival in Tanzania/Uganda, preferably at the time of final booking confirmation.
Schedules, accommodations and prices are accurate at the time of writing. They are subject to change.

**BRING-A-BOOK FOUNDATION**

Your safari will include a visit to a local school. We encourage you to bring colorful books and magazines, as well as schools supplies such as pens, paper, crayons, soccer balls, etc., which you can present to the children during your visit. Many of these children have never owned a book in their life and the connection you’ll make with them is invaluable. You’ll find that children in the schools are eager to meet with visitors, practice their English, learn about your culture and proudly share their own. You are often welcomed with a local song or dance.

After seeing schools first hand, meeting the dedicated teachers working under the most difficult conditions and children hungry for knowledge, many travelers have wanted to help the schools they visited or continue to support a child’s learning opportunities after they return to their homes. Bring-A-Book is an innovative effort adopted by Classic Escapes to expand education opportunities for school children. The Bring-A-Book Foundation is a registered Kenyan Charitable Trust that was created as a way to facilitate travelers’ wishes to help the schools and is used to get books into the hands of children as quickly and economically as possible. With compassionate ground operators such as Rangers Safaris, Wilderness Safaris and &Beyond, Classic Escapes has expanded the reach of BAB to Tanzania, South Africa and Zambia, and to other countries our travelers visit around the world. Information will be given to you with your final documents, but if you wish to help further, feel free to call Classic Escapes at 800-627-1244 for details.

**CLASSIC ESCAPES CONSERVATION FUND**

In keeping with our mission to provide exciting, educational, and fun-filled experiences that nurture and directly support the diverse wildlife and cultures we visit around the world, Classic Escapes has established the Classic Escapes Conservation Fund to ensure that a percentage of all profits go to support conservation and wildlife researchers performing their critical work in the field. Project support has included wild dog, elephant, rhino and cheetah conservation in Botswana, Kenya, Tanzania and Namibia, penguins in Punta San Juan Peru, tiger preservation in India, and sponsoring school children in Kenya, among many other projects around the world. By traveling with Classic Escapes, you are supporting travel as a tool for building the mutual respect, awareness and understanding that are vital to preserving this planet for future generations.

Upon receipt of your signed reservation form and deposit, we will, subject to availability, reserve your spot on the tour. You may consider your booking confirmed when you receive a confirmation notice and invoice from us.

PAYMENTS

DEPOSIT: deposit of $1,800 per person must be submitted at the time of booking for the main trip, as well as $1,000 for the extension and the cost of the permits. Deposits may be paid by check or money order ONLY.

FINAL PAYMENT: Final payment is due 95 days before departure (November 26, 2019) – you will receive a final invoice. Final payment is payable by check or money order ONLY.

RATES: Rates are based on the minimum number of guests outlined in this document, plus airfare costs, currency exchange rates and other factors and are subject to change. Though it is rare for Classic Escapes to make a price adjustment after promotion of an itinerary, we do reserve the right to assess a surcharge if the minimum is not met, or if increases are forced upon us by airlines or other partners or because of changes in currency exchange rates.

NOT INCLUDED: Cost of passport and departure/entry taxes; excess baggage charges levied by airlines; laundry and other items of a personal nature; optional travel insurance policy; cost for anything not specifically included in listing above.

SINGLE SUPPLEMENT: The quoted rate is valid for the first two single rooms booked and on a first-come, first-served basis. If more than two single rooms are needed, an additional supplement will apply. Single accommodations are not guaranteed but will be provided at additional cost if available (see reservation form for cost.) The single room supplement pays for privacy, not better accommodations. For passengers who are traveling alone and wish to share a room with another tour member, we will do our best to provide a roommate. However, if this is not possible, you will be required to pay the single room supplement prior to your departure from the USA.

GRATUITIES AND TAXES: Gratuities for baggage handling, service charges and taxes imposed by hotels, and entrance fees to all points of interest as outlined in the itinerary are included. U.S. and foreign airport taxes are included in air costs. Tips to drivers and naturalist are NOT included.

A service charge of $150 per person (over and above the cost of the services required) will be assessed.

DOCUMENTS

PASSPORT & VISAS: The onus is upon the guest to ensure that passports and visas are valid for the countries visited and for the applicable time period, as outlined by the U.S. Department of State (travel.state.gov) or by the passport holder’s country. Classic Escapes, their staff and their agents cannot be held liable for any visas, etc. not held by the guests, nor for the cost of obtaining visas.

FINAL DOCUMENTS: Final documents and tickets will be sent to you approximately two weeks prior to departure, provided all monies have been paid in full.

TRANSPORTATION

OPTIONAL AIR TRANSPORTATION: Roundtrip, economy-class flights via DELTA AIR LINES and/or other IATAN carriers are between MILWAUKEE, and the destination city noted in the itinerary. Rates are based on special promotional fares; cancellation fees apply once tickets are issued. Departures from other cities in the USA are possible at additional cost; inquire at the time of reservation. Please note that these promotional fares are subject to 10 passengers traveling together on the same airline routing and itinerary. If this minimum is not met, the special group rates are not applicable and it might become necessary to issue instant purchase tickets earlier than when final payment is due in order to take advantage of airfares that are similar to the group rates. Should this occur, you will be contacted with the details.

AIRLINE SEATING: For DELTA AIR LINES, we request seats together for the group. All planes are non-smoking. We can request a seating preference on your behalf, however requested seats cannot be guaranteed. Requests should be made in writing no later than 60 days prior to departure. Bulkhead and/or emergency row seats can only be requested at airport check-in on the day of departure. Boarding passes will only be issued at the airport on the day of departure. You may inquire about seat changes during check in, based on availability and is at the sole discretion of airport staff.

FREQUENT FLYER MILEAGE: This program is based on travelling via DELTA AIRLINES. For a list of the airline’s partners, visit https://www.skYTEAM.com/en/about/. Become a member of the mileage program for any of these airlines and present your frequent flyer card at all flight check-ins to obtain credit for your flights. Remember to keep the boarding passes until you receive a statement with the mileage credit.

TRANSFERS: Roundtrip airport transfers are included in the tour for guests arriving on group flights. If travelers make their own air arrangements, they will be subject to extra transfer fees.

DEPARTURE TAXES & FUEL SURCHARGES: Please note the amount of departure tax and fuel surcharges reflected in the airfare is subject to change, at the discretion of governments and airlines, and with no advance notice. Should this occur, you will be invoiced prior to departure for any additional taxes imposed.

TRIP DETAILS

ACCOMMODATIONS: You will marvel at the wonderful accommodations provided throughout your tour. All rooms have private bathroom facilities and air conditioning and/or fans. All rates are based on double occupancy. Most rooms are twin-bedded, but king-size beds are occasionally available and should be requested in advance. Accommodations listed in this itinerary are correct at time of writing, but on rare occasions may be substituted for a different property of comparable quality.

MEALS: All meals as specified in the itinerary. Please notify us if you have special dietary needs or requests, and we will do our best to accommodate.

INOCULATIONS: When it comes to vaccination and disease prevention, we suggest that travelers first review information provided by the U.S. Centers for Disease Control and Prevention (www.cdc.gov/travel) and then review those details with their personal physicians.

WATER: It is always advisable to drink bottled and/or filtered water when traveling overseas. Safe drinking water will be provided to travelers free of charge in the vehicles and during meals.
BAGGAGE: On average, international flights from the USA allow one piece of checked luggage, each not exceeding 50 pounds; however, we always recommend that you check your airline’s policy just before departure, as luggage limitations are always subject to change. Despite this weight allowance, we always suggest guests travel light. Also, soft-sided duffel bags are ideal for this tour, as they stow best in vehicles and airplanes with limited space.
